GRC | TPRM | TRUST | IT AUDIT | AI SECURITY GOVERNANCE | CYBER RISK AUTOMATION

PROFESSIONAL SUMMARY

8+ years. Known for building scalable controls, executive-ready KRIs, and automation to optimize manual efforts from **hours to mins**

CORE COMPETENCIES

Professional: GRC Strategy, Risk Management, SIEM/SOAR, Control Design, ITGC/AC, KRIs, AI-RMF, Customer RFPs, Vendor Risk
Compliance: SOC-2, SOX-404, ISO 27001, ISO 42001, CSA, SIG, HIPAA, IRAP, DESC, NIST, ISMS Internal Audit, Policy Governance
Platforms: AWS, Azure, GCP, Salesforce, Q-Bedrock, Gemini, Tines, Airflow, Wiz, Orca, Jira, PagerDuty, Sumo-Logic, Tableau, Zapier
Technical: Python, SQL, API, AI MCP, Lambda, Shell Scripting, Airflow DAGs, R, Data Visualization, C++, HTML5, CSS, Swift

WORK EXPERIENCES

Druva Inc.

Santa Clara, California, USA

Senior Security Analyst - GRC, Trust, AI Governance

Jan 2024 - Present

- **GRC Leadership** - Led and managed security analysts while driving end-to-end SaaS security assurance across GRC, Trust, Vendor Security, audits, controls, policy governance, and AI/product risk reviews achieving **~20% improved efficiency each HY**
- **Program Ownership, Metrics & KRIs** - Operated as workstream lead across **6+** security assurance areas, improving security progress tracking through risk registers, KRIs, prioritization, control-owner follow-ups, and executive-ready analytics reporting
- **Customer Trust** - Built and maintained Security Trust Center and artifact repository, reducing repetitive questionnaire/evidence request cycles from **5 days SLA to ~30 minutes** of automated workflows while strengthening customer-facing transparency
- **AI Security & Governance** - Led AI governance and assurance for Druva AI product launches, including ISO 42001 gap analysis, AI model evaluations, risk assessments, control mapping, and readiness aligned to NIST AI RMF resulting in **Big Customer Wins**
- **Security Automation** - Built Amazon Q/Bedrock based **MCP** for evidence collection, vulnerability remediation tracking, control-performance visibility, and external-audit readiness, converting **manual reviews into auto-workflows**
- **AI-Assisted Vendor Risk Automation** - Developed Gemini-based vendor risk review accelerators using ISO, FIPS, security questionnaire and AI model evaluation to standardize & accelerate third-party risk decisions **reducing review time 3 hrs to 10 mins**
- **Vulnerability Management** - Improved vulnerability governance through automated monitoring and SIEM/SOAR-integrated cloud security workflows using **Wiz** and **Orca**, enabling risk-based prioritization, alert triage, remediation tracking, and posture reporting

Security Analyst – Cybersecurity

Dec 2020 – Jan 2024

- **TPRM Ownership** - Owned **vendor security** and technical assessments for all of third parties handling sensitive data, supporting onboarding, annual/renewal reviews, risk acceptance, remediation tracking, and analyst execution
- **RFP / Questionnaire Scale** - Led enterprise customer security questionnaires, RFPs, compliance surveys, and audit requests by building reusable responses and evidence repositories that **improved consistency and turnaround times**
- **Control & Remediation Governance** - Coordinated with engineering/control owners to translate scan findings, audit gaps, and customer commitments into risk-based remediation plans, ownership tracking, and stakeholder updates

Qubole Inc.

Santa Clara, California, USA

Technology Risk Specialist - Security / GRC Team

Jan 2020 - Dec 2020

- **Risk Management Program** - Strengthened SaaS risk management by formalizing IT risk identification, evaluation, mitigation, and **FAIR**-based risk quantification for Open Data Lake platform risks across cloud environments strengthening security posture
- **Audit Automation using Python for Big Data** - Automated audit testing across **10 cloud systems** using Python APIs and Airflow DAGs, **reducing quarterly audit effort by 20 hours** while improving evidence accuracy and testing frequency
- **Internal & External Audit** - Performed annual ISMS internal & external audit across AWS, GCP, and Azure for SOC-2 & ISO 27001

Ernst & Young LLP

Tysons, Virginia, USA

Summer Internship - Risk Advisory Program (FSO)

Jun 2019 - Aug 2019

- **External Audits** - Performed client-facing technology risk assurance & FAIT, including SOC-2 evaluation, review and documentation
- **Robotic Process Automation** - Used internal RPA capabilities for evidence retrieval, analytics, and audit preparation, reducing manual work of **10+ work hours / week per resource** while improving documentation quality and testing repeatability

R. H. Smith School of Business, University of Maryland

College Park, Maryland, USA

Graduate Research Assistant - Office of Career Services Tech Team

Nov 2018 - Dec 2019

- **Salesforce Cloud-Integration Project** - Delivered SQL/Python API integrations to synchronize data movement across student-facing ERP/CRM platforms, **reducing redundancy, improving reporting and operational consistency**
- **Stakeholder & Data Operations** - Strategy and Innovation Development by gathering requirements from business users and implementing data workflows supporting automation, user-experience improvements, and accurate cross-platform reporting

Ernst & Young LLP

Bangalore, India

Risk Analyst II in IT Risk Advisory (FSO Americas)

Jul 2017 - Jun 2018

- **IT Audit & SOX Controls** - Performed ITGC, ITAC, SOX-404, SOC-2, & AML technology control testing for U.S. FS & Tech clients
- **Internal Controls** - Evaluated control design & operating effectiveness, documented evidence, identified control gaps, and supported remediation planning across access, change management, operations, and application control areas
- **Vendor Risk / TPRM** - Served as **SME** for TruSight/EY TPRM project, evaluating VBPQ responses and third-party risk framework

EDUCATION

University of Maryland, College Park: Master of Science – MIM - Data Analytics Specialization

Aug 2018 – Dec 2019

Visvesvaraya Technological University: Bachelor of Engineering - Computer Science

May 2013 – May 2017

CERTIFICATIONS

CISSP - Certified Information Systems Security Professional - Certificate Number: 928257

AWS - Certified SysOps Administrator | Harvard Business School - Negotiation Mastery
