KEY SKILLS

Research Interests: Security Operations Enhancements using AI, Big Data Analytics for Risk Management improvements and automation

Professional Competencies: CISSP, Compliance IT Audits, Security Automation, AI Risk Management, SOC Evaluation (SOX-404), TPRM, BCP, FAIT

Technical Skills: Python, Lambda(AWS), Shell Scripting (Linux), DAG, R, SQL, API Scripting, Visualization, C++, HTML5, CSS, ACL, AI Model Eval

Software / Platforms: AWS, Azure, GCP, Tines, RFPio, Airflow, ZenGRC, Atlassian, CMD, Pagerduty, SumoLogic, Bitbucket, Salesforce, Tableau

EDUCATION

University of Maryland - College Park, Maryland, USA

Fall 2018

Masters of Information Management - Data Analytics Specialization

Visvesvaraya Technological University - Bangalore, India

Fall 2013

Bachelor of Engineering - Computer Science Engineering

CERTIFICATIONS & RESEARCH PAPERS

- **CISSP** – Certified Information Systems Security Professional • ISC2 Member
- Harvard Business School – Negotiation Mastery Course
- Business Analytics and Data Mining Techniques using Predictive Algorithms to enhance BI • Paper ID: IS-ABMISLASVGS-17049-11720
- AWS Certified SysOps Administrator • Certificate License UC-190VVYCV
